

Closing Ceremony for the 8th Annual STSP Neighborhood-Relation Games (Nov. 24)

Warm Neighborhood Relations

Exciting and Frequent Community-Building Events

A multitude of community-building events for STSP tenant enterprises and surrounding communities were held in 2007, including the inauguration of the STSP Central Plaza and the STSP Administration's 4th anniversary celebration on January 21, the 2007 Career Fair at the KSP on March 31, the 2007 STSP Career Fair and Employee Awards on May 26, the KSP Neighborhood-Relation Games on September 30, the Autumn Concert at the KSP on October 18, the 2007 STSP Travel Exposition on October 18-21, the STSP Road-Run and Family Day on October 28, the 8th Annual STSP Neighborhood Cup and Fun Contest Closing Ceremony and cycling event on November 24, the "2007 STSP High-Level Executive Year-End Party—An Evening of Saxophone Music" on December 7, the Christmas Candle-Lighting Banquet at TSP on December 21, as well as 24 public movie screenings.

Cultural Interaction and Exchange with Foreign Tenant Enterprises

To attract Japanese and other foreign investors to the STSP, the Administration has been hosting much-applauded international exchange events since 2004. In 2007, the STSP organized the Meinong and Cishan Townships cultural experience tour on May 19 and the Central Taiwan experience tour on October 14. This not only enhanced Japanese employees' understanding of Taiwanese culture, but also provided the opportunity for social exchange among Park employees.

Providing Work to and Caring for the Handicapped

On November 2, 2007, the Council of Labor Affairs (CLA) Chairman Tien-lin Lu led an operational inspection of the STSP, as well as visited Coretronic Corp., a dedicated longtime employer of the mentally and physically handicapped. Coretronic utilizes the principles of duty-redesign and on-the-job training to provide a zero-obstacle work space, allowing employees to exercise their strong suits.
