

## “ISO 14064” and “PAS 2050” Accredited Waste Water Treatment Plant at the KSP

The Waste Water Treatment Plant at the KSP was accredited by “ISO 14064” GHG Inventory and “PAS 2050” International Inventory of Carbon Footprint in January, 2014, to move forward to the model of low carbon waste water treatment.

Internationally Accredited GHG and Carbon Footprint Inventory at the Waste Water Treatment Plant at the KSP (January 17 and 29, 2014)

## Taiwan’s Only Two Certified Diamond Ecological Communities

The STSP is the location of the highest density of certified diamond-level green buildings. By the end of 2014, there were 11 certified diamond-level green buildings, which counts for 1/6 of the total green buildings in Taiwan, as well as eight certified green factories, which counts for 1/3 of the total green factories in Taiwan. Additionally, following the TSP, the KSP on June 9, 2014 was also certified as the EEWH-EC. Both of Taiwan’s only two diamond-level ecological communities are at the STSP.

## Certified “Silver” Green Building at the Environmental Protection Center

It has been over 15 years since the establishment of Central Control Building of the Environmental Protection Center at the TSP, and in 2014, with the efforts of the improvement of energy conservation in management, electricity, lighting, and equipment systems as well as the installation of photovoltaic system on the roofs, on September 11, the Building was certified as a silver-level green building.

“The Premium Golden Award for Non-profit Organizations” in the 2014 TCSA Given to the STSPB by Vice President of the ROC, Mr. Wu Denyh(Left) (November 25, 2014)

## Achievements of CSR to Continuously Receive the Golden Award

The STSPB has continuously promoted the STSP as a CSR Science Park, and on November 25 and December 11 was respectively awarded with “The Premium Golden Award for Non-profit Organizations in the 2014 Taiwan Corporate Sustainability Award (TCSA)” and “2014 BIS GRC Award.” Furthermore, the STSPB advised 14 enterprises to prepare their CSRs, and in total, 25 enterprises have prepared their CSRs. With the consultation, EPISTAR participated in the competition of 2014 TCSA and was awarded with the special honor of Bronze Award of the “Large Scale Electronics Enterprises.”
